- Double action hand pump
- Service kit
- Self draining hull
- Anchor locker
- Internal grab rope and external handles
- Optional outside handles or grab ropes

Cormorant 390/430/470

Midsize performance RIB

The Cormorant is the Southern Hemisphere's most popular yacht club chase boat, but also an exhilarating sports option for skiing, diving and fishing, or as a light weight tender. With generously proportioned tubes and light weight aluminium hull, this RIB is fast, dry and very light. Flexibility in console and seating options means the Cormorant can be set up to serve any purpose; Jockey console for easy dismount, aft and central seating as a big boat tender, or simply open with a tiller steer to maximize space. Talk to Southern Pacific about custom options for the ultimate big boat and Superyacht tender. Thermally welded tubes coupled with tough kiwi aluminium hull, makes the Southern Pacific Cormorant the best built RIB on water.

	Length External		Beam External		Length Internal		Beam Internal		Tube Diameter		Air Chambers		
								Fwd	Aft				
390 RIB	3.9m	12'7"	1.85m	6"	2.7m	8'8"	0.93m	3'1"	0.40m	1'3"	0.48m	1'5"	3
430 RIB	4.3m	14'1"	1.85m	6"	3.1m	10'2"	0.93m	3'1"	0.44m	1'4"	0.48m	1'5"	3
470 RIB	4.7m	15'4"	1.85m	6"	3.4m	11'1"	0.93m	3'1"	0.44m	1'4"	0.48m	1'5"	3

	Weight		Max HP/Shaft		Payload		Hull Degree	Hull
							Deadrise	Thickness
390 RIB	98kgs	215lbs	30hp long	20inch	680kgs	1496lbs	16	0.4m
430 RIB	105kgs	231lbs	40hp long	20inch	720kgs	1584lbs	16	0.4m
470 RIB	113kgs	249lbs	50hp long	20inch	790kgs	1738lbs	16	0.4m
